## GLOSSARY AND READING GUIDE FOR SPREADSHEET DATA

### **PART 1 : GENERAL ANALYSIS**

1.1	Introduction and table of major events.....	44
1.2	Presentation of results.....	45
1.3	Study perimeter : which years, which lines, which trains ? .....	47
	1.3.1 Which years ?	
	1.3.2 Which lines ?	
	1.3.3 Which meaningful trains ?	
1.4	A continuously shrinking network... but also expanding.....	50
1.5	Problems encountered while compiling data.....	52
1.6	To what extent is this study meaningful ? .....	53
1.7	A summary of observed changes .....	54
1.8	Browsing though the timetables.....	57
	1914 General notes	
	1933 General notes	
	1933 Some unusual long-distance trains... now gone	
	1950 General notes	
	1950 First-class-only trains	
	1950 From 8:45 AM to 9:57 PM, the story of the « Train des Eaux »	
	1950 Samples of advertising at the time...	
	1963 General notes	
	1963 First-class-only trains	
	1963 The 101 trains which are « numbered by letters »	
	1963 MV (mixed passenger & freight) trains	
	1963 In the Ile-de-France region	
	1978 General notes	
	1978 How TEE trains have changed since 1963	
	1978 The last MV (mixed passenger & freight) trains	
	1978 The 6:45 AM trains	
	1978 Inventory of night trains running daily (summer-only trains not included)	
	1988-1998-2003-2014 General notes	
	1988 TEE trains, EC trains, and trains now discontinued...	
1.9	Conclusion .....	79

### **PART 2 : TABLES OF BEST JOURNEY TIMES** 83

### **PART 3 : "LINE PER LINE" NOTES** (This part has not been translated) 167

### **APPENDICES**

Appendix 1	: The fastest trains, for each of the studied years .....	275
Appendix 2	: Cartography : the 7 maps showing RFN line numbers.....	283
Appendix 3	: Cartography : the 6 maps of the 1950 <i>Chaix</i> timetable .....	291
Appendix 4	: Cartography : electrified lines 1980-2016 .....	299
Appendix 5	: Cartography : lines opened / closed 1980-2015.....	301
